

Given the unprecedented situation regarding COVID-19 it has been decided that all events will be cancelled between today, 17 March 2020 and September 1, 2020 taking into account the July and August holiday period.

At the time of writing we continue with our arrangements for the 29<sup>th</sup> Annual Infancy Conference ' 10 September 2020, Bristol and AIMH (UK) National Conference, 30 October 2020, Oxford, although these will be kept under review.

We welcome expressions of interest for all AIMH (UK) events listed on the website as it is likely that these events will be rearranged when possible.

The statement above represents our best judgment, at this moment, on the way forward with our events and how we can help reduce risk for ourselves and for each other.
